## SERVICES AGREEMENT

### SAFETY MANAGER PROGRAM – CONSTRUCTION (Renewal)

1. Inspections
  - Safety Resources, LLC, will provide regular jobsite inspections to assess work hazards, safety issues, potential risks, as well as non-compliance areas.
  - A written report will be provided, outlining potential or actual hazards for the particular area evaluated.
  - Includes follow-up, as necessary for compliance.
2. Training
  - Safety Resources, LLC, will provide up to four (4) compliance training sessions for your employees, at your facility or jobsite, to cover all necessary topics for compliance.
  - Training could be compliance related, safety issues, or policies and procedures.
  - Testing and documentation will be provided as necessary or required.
  - **Note: Does not include First Aid/CPR certification or OSHA 10 & 30 hour courses.**
3. Written Safety & Health Programs
  - Safety Resources, LLC will provide updates/revisions to your Safety & Health Programs, as necessary, for compliance.
4. Consultation
  - Safety Resources, LLC will provide information related to safety and compliance at no additional cost.
  - Includes accident investigation, employee issues, OSHA/MOSH visits, etc., however additional charges may apply for attendance at hearings, etc.
